PROFILE

Motivated Psychology graduate with a strong academic foundation in behavioural science, human development, and cognitive processes, complemented by practical professional experience in export documentation and logistics operations. Demonstrates a growing academic interest in advancing knowledge through postgraduate studies, with particular focus on research, human behaviour analysis, and applied psychological principles in organisational and social contexts. Possesses strong analytical awareness, documentation discipline, and structured thinking developed through professional practice. Seeks to further studies at advanced levels in order to deepen theoretical understanding, develop research competence, and contribute meaningfully to academic inquiry and evidence-based practice within the field of psychology.

EXPERIENCE

Export & Documentation Officer

Sapid Logistics Company, Nigeria.

2025 – 2026

- Prepared, reviewed, and maintained export and shipping documentation in line with regulatory, and international compliance requirements.
- Ensured accuracy and completeness of records, invoices, and documentation, demonstrating strong procedural discipline.
- Coordinated documentation processes with internal teams to support smooth logistics and shipment workflows.
- Organised and archived sensitive operational records, reinforcing confidentiality, traceability, and accountability standards.
- Supported data verification processes, contributing to reduced documentation errors and improved operational efficiency.
- Applied structured problem-solving skills to address documentation discrepancies and workflow delays.
- Gained practical exposure to systematic record-keeping and compliance processes transferable to research and postgraduate academic work.
